### Rev. Geo. Beckett's INSTITUTE FOR YOUNG LADIES,

JEFFERSON COUNTY, KX.

OUR design is that of th: Female High School, having its number of pupils il nited to twenty five, in order to furnish those domest c counforts and enjoyments which cannot possibly be afforded by large Schools. The anternal regulations are maintained on the principle of delegated parental authorit; and our long experience assures us that this principle, clearly understood and faithfully carried out, secures all the ends of good order and cheerful acquiescence in all school duties.

The regular course of study is such as the times require of all those who would enjoy the benefits of a liberal and finished education. Masters of the first celebrity are employed in the departments of Prench and Music, to which special attention is directed.

The scholastic year consists of two terms of five months each, without intermission, except Chr stimas week.

The first term commences with September and closes with January, and the second term commences with February and closes with June.

HOW JOHN MCWINNIE, ESQ., EDITOR OF TH WOODSTOCK C. W. SENTINEL, WAS SEIZE WITH LUMBAGO, AFFLICTED WITH RHEUMA TISM, AND CURED BY BADWAY'S READY RE LIEF.

Messrs. Radway & Co., New York City.

Gentlemen: A recent trial of your R. Rehef for Rheumatism proves it to be a sovereign remedy. About four weeks ago! was seized with Lumbago, and quite unable to standup. I purchased from Mr. McPherson, abottle of R. R. Rehef, rubbed my back well and obtained immediate ratief. The next morning i felt pain in my hip joint and in a few days it became considerably enlarged. I was afraid to try more of the Relief, lest it should drive the pain to a more vital part his the body, but as the pain in my joint, knee and male became so exertinating, I got another bottle of Radway, and applied it, and washed my whole limbs with it; and I am happy to say with complete success. The intense and unusual cold at this season, I feel has the effect of remewing the pain, but one application of the Ready Relief will banish it. Could I keep my feet warm at all times, I would have nothing to fear from the Rheumatism after applying your Ready Relief. I shall occasionally draw attention to the efficacy of your medicines, the result of experience.

Your truly, JOHN McWINNIE, Editor and joint Proprietor of the Sentinel, January 13, 1856.

The deplorable state of affairs in California is familiar to everybody in both hemispheres. We do not doubt that even the savages in the wilds of the older continents have ere now turned up their ugly noses at the recital of the freaks of civilization in the golden State of the Pacific. For the last few months, the usurpation of the Vigilance Committee, with the record of

as a whole in the annals of enlightened coun

ruined San Francisco, disgraced California, and farnished the name of the nation.—Journal. With what grace does this come from the mob organ of Louisville, on which rests chiefly the responsibility of the deeds of bloody Mondeeds which have made our city a byeword and a reproach throughout christendom The Vigilance Committee on the Pacific, the editor says, "with the record of its deeds of lawlessness and blood, has been the eye-sore of the world - has ruined San Francisco, disgraced California, and tarnished the fame of the nation." True enough. And how much better have the Know-Nothings of Louisville and their mob-instigator and apologist of the Journal done here? It is a "monstrous evil," the editor thinks, for a Vigilance Committee in San Francisco to disregard law and justice, and kill, and hang and drive people from their homes. But the same can be done in this city by Know-Nothing mobs, gotten up and set on by the Journal

The San Francisco Vigilants are abominable scoundrels and cut throats for violating the laws and shedding the blood of their fellow-men by wholesale. But the editor and his gangs of murderous incendiaries are estimable Americans forsooth! He doesn't care "how high the infamy may be piled" on the San Francisco Vigilants, but thinks it outrageous that his savage will soon be forgotten and pass away, but the principle will never die."—Cin. Gaz. cohorts of the Sixth of August, 1855, should be censured for their gory work. It is unpardonable that the aforesaid Vigilants should strike down the good name and prosperity of San Francisco; but the editor of the Journal and his gangs of bullies and bruisers ought to be commended for doing the same for the name and prosperity of Louisville.

The editor charges that the administration has been shamefully direlict in its duty in not bringing the San Francisco murderers and mob gentry to justice and condign punishment-charges the President with "wilfully sacrificing the peace of California and the honor of the country for the sake of promoting the desperate chances of Mr. the man that makes it, and the party that applauds it." But this virtuous, peaceloving, christian-like mob-editor and mob adtold of his own desperation and that of his party here, in resorting to bludgeons and brassknuckles, fire and steel, in utter contempt of law Baton Bouge. and humanity, for the mere purpose of securing the triumph of a party whose sole employment is a wild, lawless, and savage hunt for office and power. We have heard people talk of the Devil's reproving sin. If this onslaught of the Journal upon the Vigilance Committee of the Golden City be not a case in point, we know not what

"O, wad some power the gifti gi' us, To see oursel's as others see us."

A Change and a Reason.—A very prominent and intelligent merchant of New Orleans, whose partner is now in this city, was recently a strong and earnest supporter of Buchanan. A few nost quarreled with his partner for being in favor of Fillmore. He now, in a letter that we have seen, informs his partner that be himself is for Fillmore: and the excellent reason he assigns is that he finds all the leaders of the Buchanan party in Louisiana to be thorough dis-unionists. Disunion is the cherished dream of their lives. They are as anxious to destroy the Union as ever our glorious old fathers were to establish it. And, if they succeed in electing their candidate, we believe in our hearts that the Union will be in the most terrible danger.
Who can doubt that tens of thousands of pat-

riotic Democrats in the South will abandon the Buchanan party when they find, as inevitably they must if they walk with their eyes open, that all its active leaders in the South are violen' lisunionists!-Louisville Journal.

A more pestilent falsehood than the above, that throughout the entire South "the leaders of the Buchanan party are disunionists," never eminated from the reeking fountain of corruption from which this springs, (and that is the severest denunciation we know how to bestow upon it) and none was ever uttered so wantonly or so utterly unsustained by truth. It is a foul invention of a malignant abolition heart, that seems to find relief in assailing every Southern man who is struggling to "crush out" its dearest hope of abolitionizing not only Kentucky, but the whole South.

Use Some of the more unscrupulous Sag Nicht organs are circulating the fabrication that the the American party aided in the defeat of the Army appropriation. They know that the statement is false. No member of the American party is to the slightest extent identified with the Abolition movement. Millard Fillmore embodies the senti-ment of our party, and if he is not true we would like to know wyere upon the face of the earth a sound man can be found.

Somerset Gazette.

The meanness and mendacity of Know-Nothingism, temarkable as it is, has but few organs, orators or editors who would be willing to stand up to the rack of hard lying, "fodder or no fodder," like this Somerset man does. Was not Mr. Dunn, of Indiana, the father of that treason? and is he not a Fillmore Elector, and a member of the "American party, of that State? Did he not boldly declare that he would "take the respon sibility of stopping the wheels of government.' Can this man of "Somerset."

A DREADFUL FRIGHT .- On Tuesday night, one of the Sag-Nicht electioneerers, quite a good young man, was speaking at the corner of Main and Thirteenth. In the midst of his speech a small boy fired a pistol into a hogshead about a

As a matter of course they nominated Fillmore and Donelson. Nothing else was to be expected of such a body. And nothing better was to be

expected of them than that they would calumniate and slander the Democratic party and Mr. Pierce's administration. Nor will Democrats be astonished to learn that these sanctimonions hypocrites have published and sent forth in their resolutions an unblushing and impudent falsehood, when they assert that the Democratic party dices of the Southern States."

The declaration is known to be a lie from Maine to Texas. There is not a Democrat in any of the free States who does not know it to be utterly false; and there is not a Know-Nothing paper in the South but has a hundred times published articles which prove the statement a lie-for they have constantly been attempting to prove Mr. Buchanan to be an Abolitionist.

The declaration is disgraceful to the Southern delegates who took part in it, for they knew that n passing such a resolution they were pandering to the Freesoil sentiment of the North. But let Southern men read it, and they will

find that the Democratie party is the only true friend of the South-they will see that these bogus Whigs admit it. its deeds of lawlessness and blood (unparaleled We are told that one of the Sag Nicht edtries, has been the eyesore of the world. It has

Yes, and the "Sag Nicht editor" gave Know-Nothing authority to prove what he said was true. One of their organs says, "Arrangements have been made" to "keep" the State. A council of this city have passed a resolution that they (the k. ns.) have the city and will keep it! Does the Journal want other proof?

The Know-Nothings on this side of the river are very indignant that their brethren in Indiana are called Abolitionists. We ask Southern men to read the following article from the New Albany Tribune, the Fillmore organ, and say whether the charge of Abolitionism against the Fillmore party is not true:

"The great question at issue is "whether slavery shall be extended or restricted." This overshadows every other question, and the mere fact editor, and it is all right, and fit to be repeated. that the party opposing the extension of Slave-ry, did not in their organization please every person, is no reason why a great principle should be sacrificed to gratify an unpatriotic feeling on the part of those who have been displeased. Who cares for the composition of the electoral ticket? It matters not a fig who the men are so that they truly represent the great question at issue. The men engaged in the present contest

So says the Cincinnati Gazette, speaking of the two electoral tickets in Indiana, in opposi-tion to Buchanan. We endorse the sentiment and call upon the Fremont party to unite upon the Fillmore ticket, as the one which more fully represents the principle of non-extension. ere is a single man on the Fillmore ticket in Indiana who is not heart and soul opposed to the extension of slavery, we dont know it. Point him out, and we will see to it that he is at once removed from the ticket, or we abandon its support. We will vote for no man knowingly who

is in favor of the extension of slavery. With Mr. Fillmoru already in the field, whose whole Congressional record covering over some ten or twelve years, attests his unswerving devotion to the cause of freedom, why should we be expected to throw him overboard, and take up another Buchanan," and says, "desperate indeed must be the chances that demand such a sacrifice, and desperate the man that makes it, and the party of the South? It is certainly presumptuous to say the least of it. Suppose Mr. Fillmore's nation did not please the entire party who stand opposed to the extension of slavery, does it follow that we should sacrifice a great princivocate of the Journal, grows indignant when ple on account of the man? In the aggregate, then, these States stand about as favorably for the Democrat now as they did at the last Presidential election. They then gave 31 electoral votes for Pierce an 18 for Scott. Should they vote at the Presidential election ould they vote at the Presidential election is "appealing mainly to the passions and preju-dices of the Southern States." next November as at the recent elections, they would give Buchanan 30 votes and Fremont 17 votes; the Democratic majority being the same (13) in each case. Let us show this in detail.

If the Republicans derive any consolation from these results, we hope they will make the most of them. Unless they succeed better in the other 24 States, it is certain that they are destined to an ignominious defeat; for in 1852, only four States voted against Pierce, viz. Vermont, Massachusetts, Kantucky and Tennessee. No other elections take place prior to Novemper, except the following, viz:

The Missouri Compromise. The following communication to the Maysville Eagle, written in 1855, by an eminent divine of Columbia, Adair co., Maysville, not only takes the right view of the | Campbellsville, Taylor co., slavery question as involved in the Missouri Compromise, but is another proof of the favor with Harrodsburg, Mercer co., Nicholasville, Jessamine co., sas-Nebraska bill when it was pending before

"I have frequently been asked my opinion of the Nebraska bill. I have replied, I am for it, Car'isle, Nicholas co., were I convinced that it was not a violation of the Missouri Compromise, and consequently of sacredly pledged national faith. Not being posted on this point, I have held the Nebraska bill New Castle, Henry co., sub judice. Upon this point I am indebted to my traveling friends Gov. Wickliffe and Col. Preston. From these distinguished politicians I had a minute detail of the facts involved in the history of the case. And from the facts as thus reliably given me, I am satisfied that the Nebraska bill is no violation of any sacredly pledged national faith in the Missouri Compromise. therefore for it. In saying this, I am with its talented author, Judge Douglas, and therefore differ in sentiment from nearly three thousand clerical brethren, who petitioned or memorialized Congress on the subject. Some persons of bad feeling, bad taste, and bad English, have called these, my brethren, fanatics and base hirelings—but I was gratified at the respectful terms and gentlemanly manner in which Col. Preston spoke of them. He says that among them are many great and good men, and this every well

informed man knows to be true. "It is an important fact, that up to 1820 we had no agitation upon the subject of slavery in the halls of Congress. Since that time to the the halls of Congress. Since that time to the present, we have had agitation and trouble which has shaken to its foundation our national fabric, and alarmed the wisest. A Kentuckian and a minister of the Gospel writes to his brother in this city from Kan-

Conservative men everywhere should know that Kansas is divided into three parties:

1. Abolitionists of the Garrison stamp, who trample upon the Constitution and the Bible, and join in bands to maraude through the Terri-

2. Moderate Free State men, who uphold the Constitution, and, because they refuse to leave their homes and join the armed Abolitionists, are actually driven into Missouri by men who profess to be seeking the same object, their

horses stolen and their houses pillaged.

3. Pro-slavery men, the greater part of whom desire peace, but yet are goaded to determined revenge by the memory of long years of Abolition aggression.

The advent of Lane's armed men was the sig-

nal for the Abolitionists, with all the outlaws in the country under them, to commence their depredations almost simultaneously upon a George gian colony-upon Treadwell's settlement and the town of Franklin. Then began the extraor-dinary impressment of moderate Free State men —a spectacle that should startle the North.— For proof see the affidavit of Martin White, a Free State man in Kansas, and formerly a member of the Illinois Legislature. He, an old man, shouldered his rifle and fought by the side of pro-slavery men at Ossawatomie on the 30th of August. Upon one of the twenty Abolitionists killed he found his son's boots, and also recovkilled he found his son's boots, and also recovered two of his horses. He regards it as a signal protection of Providence that not a solitary proslavery man was killed. The conservative Free State men now see clearly that Abolitionism is as destructive to the North as to the South.— Hundreds of them are now receiving the hospitalities of the border Missourians, and are imploring the latter to go in and assist in putting down the maruaders.

DECATUR, ILL., Sept. 15, 1856. EDITORS TIMES:—The honest portion of this State, of all parties, acknowledge that Buchanan will carry it by not less than twenty thousand

majority.

The abolition party are making greater exertions than ever was made by any party since the foundation of this Republic, but I think and hope they are wasting time and expense. They hope they are wasting time and expense. They are very exact in misrepresenting everything; truth is a dead letter with them, and hence they resort to everything that is calculated to injure the Democratic party.

Our State ticket will also be carried by a large majority. From present indications, the gallant Richardson will be elected Governor by from ten

to twenty thousand votes.

Respectfully yours,

### WHIG NATIONAL CONVENTION.

BALTIMORE, Sept. 18. The Convention re-assembled. The Committee on Resolutions reported through their Chairman, Gov. Hunt, a series of resolutions.

Resolved, That the Whigs of the United States here assembled, hereby proclaim their reverence for the Constitution and unalterable attachment to the National Union and fixed determination to do all in their power to preserve them for themselves and posterity. They have no principles to announce, no new platform to establish, but are content broadly to rest where their forefathers have rested, upon the Constitution of the United States, wishing no safer guide, no higher

Resolved, That we regard with the deepest anxiety the present disordered condition of national affairs—a portion of our country ravaged by civil war, and large sections of our population embittered by mutual recriminations—and dis-tinctly trace these calamities to culpable neglect

of duty by the present national administration.

Resolved, That the government of these United States was formed by conjunction and political unity of wide-spread geographical sec-tions, materially differing not only in climate and products, but in social and domestic institutions, and that any cause which shall permanently array these sections in political hostili-ties and organize parties founded only on geographical distinctions must inevitably prove fa-tal to the continuance of the national Union. Resolved, That the Whigs of the United States declare, as a fundamental article of political faith; parties. The danger so clearly discerned by the Father of his Country, founded on geographical distinction, has now become fearfully apparent in the agitation convulsing the nation, and which must be arrested at once if we would perserve our constitutional Union from dismemberment and the name of America from being blotted

from the family of civilized nations. Resolved, That all who revere the Constitution and the Union must look with alarm at the parties in the field in the present Presidential canvass one claiming only to represent sixteen Northern States and the other appealing mainly to the passions and prejudices of the Southern States; that the success of either faction must add fuel to a flame which now threatens to wrap our dearest

interests in one common ruin.

Resolved, That the only remedy for an evil so appalling is to support a candidate pledged to neither geographical section, not arrayed in po-litical antagonism but holding both in just and equal regard; and we congratulate the friends of the Union that such a candidate exists in Millard

Resolved, Without adopting the peculiar principles of the party which has already selected Mr. Fillmore as its candidate, we look to him as the well-tried, faithful friend of the Constitution and the Union, eminent alike for wisdom and firmness, for his justice, and moderation in our foreign relations, for a calm and pacific tempra-ment well becoming the head of a great and en lightened government, for devotion to the consti-tution in its true spirit, and his inflexibility in executing the laws, but, beyond all these attributes, in possessing one transcendent merit of neither of the sectional parties now struggling

dinate questions of administration in exercising the constitutional powers of the Government. It is enough to know that a civil war is raging and that the Union is in peril, and to proclaim our conviction that the restoration of Mr. Fill-more to the Presidency will furnish the best if

not the only means of restoring peace.

Resolved, That we cordially approve the nomination of Andrew J. Donelson for the Vice Presidency, regarding him as a national conservative faithfully devoted to the Constitution

Resolved, That the spontaneous rising of the Whigs throughout the country, their prompt rally to the support of the highest national interest, and the spirit here displayed, sufficiently attest the national importance of preserving and re-invigorating their party organization; and that a National Whig Committee of one from each of the States be appointed by the President with authority to call any further convention and generally promote the extensive organization of the party throughout the United States.

Resolved, That these resolutions be published

and submitted by this convention as an address to the people of the United States. The resolutions were received with unbounded enthusiasm and unainmosly adoped.

Speeches in favor of Mr. Fillmore were made by D. Paul Brown and others.

The road is in capital condition and recently a number of splendid passenger cars have been put on it. An omnibus will call in any part of the city for passengers and deliver them at the depot in New Albany free ot charge, on application to the agent.

SHORT AND SWEET-No. 1 .- Lay in your coal before it reaches 25 cents a bushel. Be polite, -sweer no more oaths than you can find in your dictionary.

Never touch a black glove against a lady's face If you've got a five dollar bill and your neighor only has a one, don't stick your nose up at him-your bank might break. Be sensible before you're smart.

Don't let your ambition get ahead of your udgment-remember the old Ben Franklin was always breaking because she had too much steam power for her hull.

Don't dress in pink, blue, or white to have your picture taken, and then tell the Artist you Harris' Gallery is on Main street, between

Fourth and Fifth. A nod is as good as a wink to a blind horse. A GOOD INVESTMENT .- A company of enterrising men are about starting a new business in his city, which it is supposed will very greatly nhance the value of real estate and railroad stock in this and the neighboring States. This establishment will give employment to a great number of hands, and an immense amount of capital, (variously estimated at from \$1 to \$15.) The principal articles manufactured will consist of wooly horses, mermaids, live elephants stuffed with straw. Samples of their own make-obtained from other establishments-can be seen ree gratis for nothing. The whole will be under the charge of Petite Barnum, the prodigy, and William Blowhard, Esq., who have erected wind-mill on Main, between Second and Third streets, not far from the telegraph office. This locality has been chosen as peculiarly adapted, on account of the concentration of magnetic influence, which enables the proprietors to exercise perfect control over the elements, and subdne the human passions in a cycological manner, thereby making the subject believe the moon is made of green cheese, with a rat-hole through the center, enabling the observer to look through far into futurity, where a gnat is looking through a magnifying glass, trying to find the soul of the little man who says that Webster's Sphereotypes

sam, when everybody knows that three out of four of the latter style of picture turn black or spot in a very short time. To the Ladies .- Mr. John H. Cannon begs to inform his old patrons and the public generally, that his store room was not burned down by the late fire on Market street. He can be found at his old stand, No. 421, Market street, between Fourth and Fifth, and has now on hand and is constantly receiving new and elegant styles of bonnets, ribbons, velvets, plushes, silks, satin, French and American Flowers. Also a large and choice selection of head dresses, dress caps feathers, ruches, quillings, crowns, wires, &c. Mr. Cannon has a general assortment of everything in the millnery line. He makes his purchases of importers and manufacturers, and sells his goods as low as any jobbing house in the East or

Liver Complaint,
Oppression after eating,
Palpitation of the Heart,
Pain in the pit of the stomach, or towards the right side,
Sallowness of complexion,
Depression of spurits and irritability of temper, &c.
If a case of dyspepsia should be neglected, most serious
effects may ensue, for it lays the foundation for, is the incipient cause of, and very frequently terminates in consumption I would impress upon the mind that to trifle
with this disease, may be to sport with that reason which
constitutes man super-eminent among animal beings, or
to embitter existence by adding a consciousness of folly
to the penalty of pain.

This medicine is prepared entirely from vegetable substances; the most delicate stomach can bear it convenlently, and it is given with perfect safety, in minute doses
to the most lender infants, its properties being of a
strengthening and invigorating nature. It is neatly put
up in bottles, with ample directions for use.

The following testimonials from some well known and
respectable citizens of Philadelphia, are fully corroborative of the tried efficacy of the Anti Dyspeptic Elixir.

Attetsation. We, having used William's Anti-Dyspectic Elixir with the most perfect satisfaction and success, take great plea-sure in recommending it to all persons suffering with Dys-pepsia, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pain and uneasiness, and imparting a healthy tone to the

Testimony of Mr. Michael Dunn, Superintendent of the Philadelphia Exchange, corroborative of the efficacy of Williams's Anti-Dyspeptic Elixir. PHILADELPHIA, March 16, 1853.

Doctor James Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly afflicted with its symptoms, than within the last few weeks. Indigestion, nervous irritability, despondency, a sense of weigot in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Fortnately, I was recommended by a friend to try your Elixir. I did so, and in less than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with mental and bodily health, were fully restored. To me the cure seemed almost miraculous, and my object in writing to your sense hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy.

I am, dear sir, yours truly.

DAILY'S Inhaing. Vaper is used in the cure of diseases of the Lungs. Worn on the breast, the heat of the body causes an evaporation, which will be constantly inhaled by the patient, passing gently into all the air cells and passages of the lungs, and supplying every part with a soothing and healing vapor, while the patient is taking Daily's Extract of Ginsing or Honey Syrup, for the cough, and debility, and his Balsam of Wahoo, for the impure state of the blood. It is acknowledged by all that by inhaling marsh miasma, or noxious vapors or air, the lungs become diseased. m general to the above letter, handed to me by Messrs W.. B. & Co., extensive figuor merchants. It is welknown by the Cincinnati public that several of my Safess of different sizes, have stood, of late, every severe tests. Among others, I would refer to the fire at Mr. Scovill's druggist, that of Messrs. Davie & Co., iron merchants and founders that of M. Shilito, soap and candle factor; that of Messrs. Gireaud & Sarran, hquor and wine merchants. The Safes all came out victorious, although surrounded by the most combustable material.

Having acquired all the late improvements, I dare say that my Safes are inferior to none made this side the mountains. As to the outer appearance, I combine neatness with durability. Thankful for past favors, a continuous of patronage is kindly solicited.
